

# MiCORE Company Overview

## Who We Are

MiCORE Solutions, Inc. is a data management and consulting company. Specialized in Oracle technologies, our team of experts provides first-class consulting, remote database management, and cloud solutions to clients of all sizes and industries.

We are committed to supporting our clients' requirements by delivering cost effective, reliable, and high quality solutions that help drive innovation and maximize return on IT investments.

## Core Offerings

**Database:** Ensure your environment is operating at peak performance and prepared to handle increasing amounts of data as your business moves forward

**Engineered Systems:** Reduce cost, decrease complexity, and optimize your IT infrastructure for unmatched enterprise performance

**Cloud:** Starting with careful planning around the transfer of your data, our Cloud Solutions ensure elasticity, security, and in many cases a significant cost savings

**Business Intelligence:** Transform your data into meaningful business intelligence and actionable insights

**Data Security:** Equip your business with the latest best practices in data protection and ensure your data resides in the safest possible configuration
